INTERACTIVE PRACTICE + PRINTABLE WORKSHEETS

Numbers to 10000

One application. Generate practice sets, print worksheets and check answers.

1 1000 5000 ... 10000

QUIZ + WORKSHEETS + ANSWER KEYS

Instant feedback in quiz mode, printable practice and a separate answer key with short solution steps.

13 SKILLS / 3 LEVELS / 4-12 QUESTIONS

Sequences, number words, thousands, rounding to 10, 100 and 1000, comparing, parity, place value, ordering, addition, subtraction and negative numbers.

OFFLINE USE / NO SUBSCRIPTION

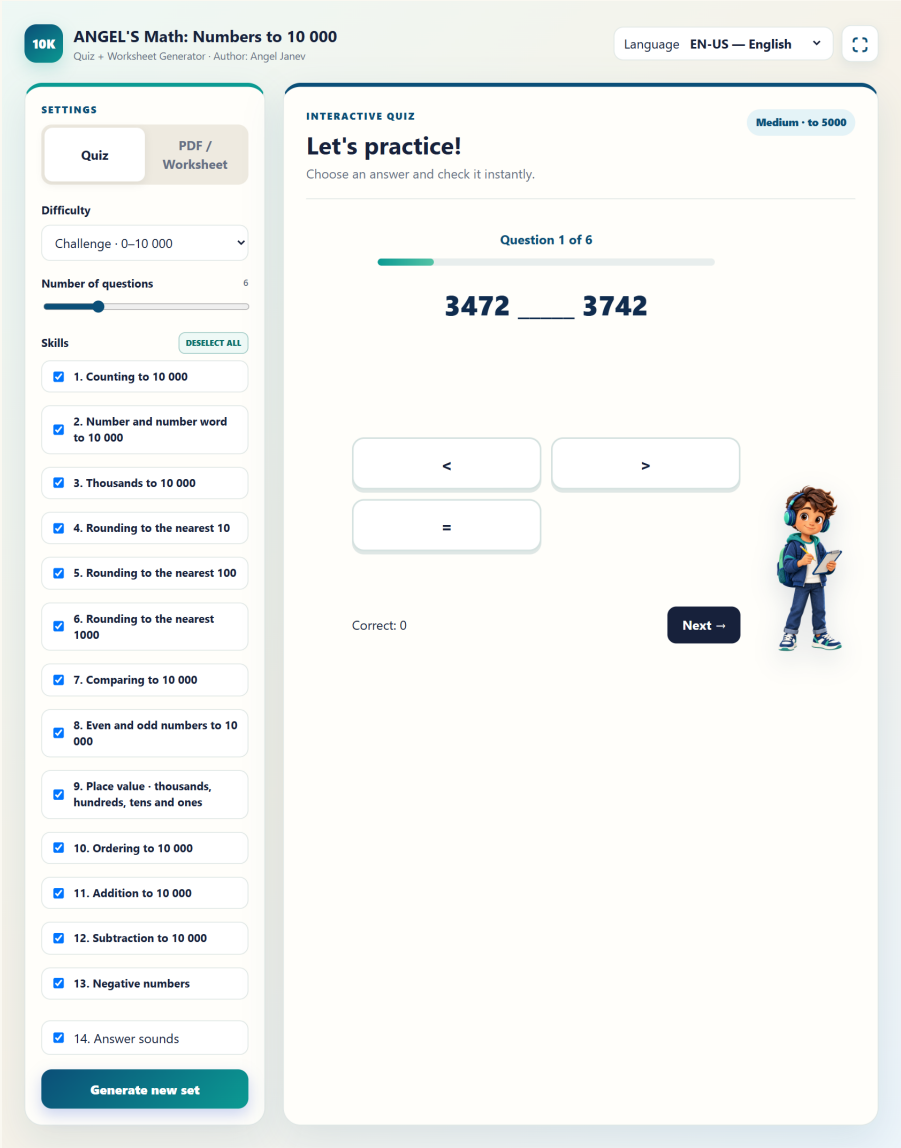
The ZIP contains one self-contained HTML application and one README in English, German and Macedonian. No separate installation is needed.

Interface options: EN-US, EN-UK, Deutsch and Македонски.
Windows and Android functionality tested. iPhone/iPad is not currently tested; full functionality cannot be guaranteed.

SEE THE APPLICATION

Interactive practice

Actual application view. Generated questions and choices vary.



Choose how to practise

Easy: 0-1000. Medium: 0-5000. Challenge: 0-10000. Includes sequences, rounding, place value and missing-number arithmetic.

Generate as many sets as you need. Random generation can produce repeated questions or combinations.

PRINTABLE OUTPUT

Student worksheet

An actual five-question sample generated by the final application.

Numbers to 10 000 — Test

First and last name: _____ Date: _____

Generated math practice - Student copy

1. **Counting to 10 000**
Continue the sequence: 6700, 6800, 6900, _____

2. **Comparing to 10 000**
3472 _____ 3742

3. **Place value · thousands, hundreds, tens and ones**
Break 3486 into thousands, hundreds, tens and ones.

4. **Addition to 10 000**
_____ + 1280 = 4750

5. **Rounding to the nearest 1000**
Round 7460 to the nearest 1000.

1/1

The number of worksheet and answer-key pages depends on the selected tasks.

Answer key

Actual answers and short solution steps for the sample on the previous page.

Answer key

Answers and short solution steps

1. Answer: 7000
The step is 100; next is 7000.

2. Answer: <
3472 < 3742.

3. Answer: 3 thousands, 4 hundreds, 8 tens and 6 ones
3486 = 3 thousands, 4 hundreds, 8 tens and 6 ones.

4. Answer: 3470
3470 + 1280 = 4750.

5. Answer: 7000
7460 → 7000.

1/1

The number of worksheet and answer-key pages depends on the selected tasks.

LANGUAGE GUIDE / EN

Quick start & compatibility

English instructions

WHAT YOU RECEIVE

One ZIP containing START-Numbers-to-10000-v7.html and README.txt. The application includes its images, styles and code in one file.

OPEN & USE

Extract the ZIP. Open the HTML in a web browser on your Windows computer or Android device. Use “Open with” if needed; avoid opening it only in a file preview. Select a language, difficulty and skills, then generate a set.

PRINT OR SAVE PDF

Choose PDF / Worksheet and generate your tasks. Select Print / Save PDF. Use A4 paper and turn off browser headers and footers. The answer key follows the worksheet on separate pages.

DEVICE COMPATIBILITY

Windows desktop/laptop browsers: tested. Android: tested. iPhone/iPad (iOS/iPadOS): not currently tested; full functionality cannot be guaranteed. For the best experience, use a Windows computer or Android device.

Start & Kompatibilität

Deutsche Anleitung

PAKETINHALT

Eine ZIP-Datei mit START-Numbers-to-10000-v7.html und README.txt. Bilder, Gestaltung und Programmcode sind in der HTML-Datei enthalten.

ÖFFNEN & VERWENDEN

Entpacken Sie die ZIP-Datei. Öffnen Sie die HTML-Datei in einem Webbrowser auf einem Windows-Computer oder Android-Gerät, bei Bedarf über „Öffnen mit“. Verwenden Sie keine reine Dateivorschau. Wählen Sie Sprache, Schwierigkeit und Themen und erstellen Sie einen Aufgabensatz.

DRUCKEN ODER ALS PDF SPEICHERN

Wählen Sie PDF / Blatt und erstellen Sie die Aufgaben. Klicken Sie auf Drucken / Als PDF speichern. Verwenden Sie A4 und deaktivieren Sie Kopf- und Fußzeilen des Browsers. Die Lösungen folgen auf separaten Seiten.

GERÄTEKOMPATIBILITÄT

Browser auf Windows-Desktopcomputern und -Laptops: getestet. Android: getestet. iPhone/iPad (iOS/iPadOS): derzeit nicht getestet; die volle Funktionalität kann nicht garantiert werden. Empfohlen: Windows-Computer oder Android-Gerät.

Почеток и компатибилност

Упатство на македонски

СОДРЖИНА НА ПАКЕТОТ

Еден ZIP со START-Numbers-to-10000-v7.html и README.txt. Сликите, стиловите и програмскиот код се вградени во HTML-датотеката.

ОТВОРАЊЕ И КОРИСТЕЊЕ

Отпакувајте го ZIP-от. Отворете ја HTML-датотеката во веб-прелистувач на компјутер со Windows или уред со Android. По потреба користете „Отвори со“, наместо само преглед на датотеката. Изберете јазик, тежина и области, па генерирајте задачи.

ПЕЧАТЕЊЕ И PDF

Изберете PDF / Лист и генерирајте задачи. Кликнете Печати / Сними PDF. Користете хартија A4 и исклучете ги заглавијата и подножјата на прелистувачот. Клучот со решенија следува на посебни страници.

КОМПАТИБИЛНОСТ СО УРЕДИ

Прелистувачи на десктоп и лаптоп компјутери со Windows: тестирано. Android: тестирано. iPhone/iPad (iOS/iPadOS): во моментов не е тестирано; целосната функционалност не може да се гарантира. Се препорачува Windows или Android.

Копчињата EN / DE / MK водат до јазичните упатства во овој PDF.
